La nostra anima è un punto fermo. Da sempre promuoviamo i valori del Made in Italy e della lunga tradizione manifatturiera del distretto della sedia. Nel 2021 il brand Copiosa propone una nuova veste: ha inizio un nuovo capitolo in cui la tradizione si fonde con la contemporaneità.

Attraverso una sintesi di artigianato e industria, esperienza, conoscenza del mercato e innovazione, realizziamo prodotti che parlano a tutti con un linguaggio universale.

La collezione Copiosa è ricca, varia, aperta per vocazione, desiderabile e raggiungibile da un pubblico vasto e multiforme. Con sguardo lungimirante, attraverso la selezione di materiali e processi produttivi, ci impegnamo a perseguire uno sviluppo attento all'ambiente, per un brand sostenibile.

I principi che ci hanno fatto crescere sedimentano, si uniscono a nuove riflessioni e confluiscono in un nuovo immaginario visivo che oggi rende Copiosa iconica, pop, fruibile, sostenibile.

Our soul is a fixed point. We have always embodied Made in Italy values and the long manufacturing tradition of the local chair district.

In 2021 Copiosa reveals its new look:

a fresh chapter begins in which tradition merges with all that is contemporary.

Through a synthesis of craftsmanship and industry, experience, market knowledge and innovation, we make products that speak to everyone through a universal language. The Copiosa collection is rich, varied, open by vocation, desirable and attainable by a vast and diverse public. Forward-thinking, through the selection of materials and production processes, we are committed to pursuing environmentally friendly development for a sustainable brand. The principles that have made us grow keep piling up, combining with new reflections to flow into a whole new look that today makes Copiosa iconic, pop, functional, sustainable.

Famiglie Families

Sedute, sgabelli, poltroncine, tavoli: Copiosa è un insieme ricco e articolato di famiglie, capaci di integrarsi con naturalezza nei contesti quotidiani. Prodotti versatili e infinite combinazioni di colori, materiali e finiture, che interpretano gli spazi nel tempo, proponendo soluzioni innovative per il lavoro e il vivere contemporaneo.

Chairs, barstools, armchairs, tables: Copiosa is a rich and complete set of families, each able to integrate naturally into everyday contexts. Versatile products and infinite combinations of colours, materials and finishes that interpret spaces over time, proposing innovative solutions for workspaces and contemporary living.

Askew

design Daniel Fintzi

Cornici scolpite e sinuose sorreggono cuscini dalle proporzioni geometriche: attraverso un equilibrio di elementi, Askew rende omaggio alle forme scultoree di epoca classica. Declinata nelle varianti poltroncina, poltrona e divanetto in massello di faggio, con rivestimento in tessuto, pelle o ecopelle, la collezione si propone come un esempio di classico-contemporaneo.

Geometric cushions are supported by sinewy and sculptured frames: through its perfectly balanced elements, Askew pays homage to sculptural figures of the Classical Age. Declined in armchair, lounge chair and two-seater sofa, in solid beech, with fabric, leather or eco-leather upholstery, the collection is an expression of contemporary-classic style.

Baby D.

design Billy Giuliani

Una seduta poliedrica di ispirazione nordica. La scocca dai contorni sinuosi si veste di pelle e tessuto e si adagia su una base in legno di faggio o acciaio verniciato. In un gioco di combinazioni infinite e colori audaci, Baby D. è la soluzione ideale per donare ad ogni ambiente una propria connotazione stilistica.

A many-side chair with a Nordic touch. The shell with sinuous outlines can be covered in leather or fabric and its placed on an beechwood or lacquered metal frame. In a play of infinite combinations and bold colours, Baby D. is the perfect product for giving a stylistic personalisation to any contract environment.

Billa

design Claudio Avetta

Billa coniuga in maniera armoniosa forme archetipe e familiari con un linguaggio formale fresco e contemporaneo. Lo schienale a tutta altezza abbraccia e avvolge il sedile, conferendo alla sedia unità e continuità organica, cui fa da contrappunto la struttura in legno massello di faggio: comoda la versione tutta legno, ancor di più se con sedile imbottito. Offerta in diversi colori che ne esaltano il carattere, Billa combina rigore e chiarezza costruttiva con una forma espressiva e dinamica in grado di esaltare le caratteristiche materiche del legno

Billa harmoniously combines well established shapes with fresh, contemporary formal language. The generous backrest wraps round to frame the seat, giving the chair unity and organic continuity, in line with its solid beechwood frame: the all-wood version is definitely comfortable and even more so with an upholstered seat. Billa comes in various colours that enhance its character, combining rigour and constructive clarity with a dynamically expressive shape that highlights the very essence of the wood itself..

Bold

design Studio Pastina

Aperto e flessibile per concezione, il sistema di sedute Bold nasce per rispondere alle nuove esigenze del vivere contemporaneo. Poltrone e divanetti, divisori in varie altezze, tavolini e accessori multifunzione: questi sono gli elementi con cui Bold ridisegna gli spazi attraverso infinite possibilità di configurazione. Le forme morbide seguono principi di modularità e accoglienza, garantendo comfort e privacy e al contempo condivisione degli spazi e convivialità.

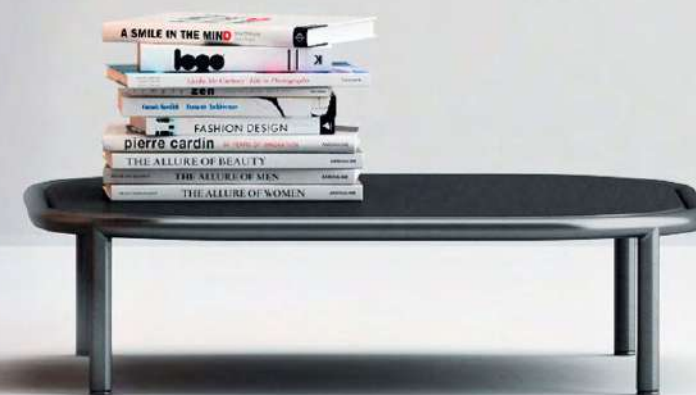

Open and flexible, the Bold seating system is designed to satisfy all needs of contemporary living. Lounge chairs and sofas, dividers in various heights, side tables and multifunctional accessories: these are the elements through which Bold can create new spaces with infinite combinations. Soft shapes follow the principles of modularity and hospitality, and are able to offer comfort, privacy, sharing and conviviality.

Button Down

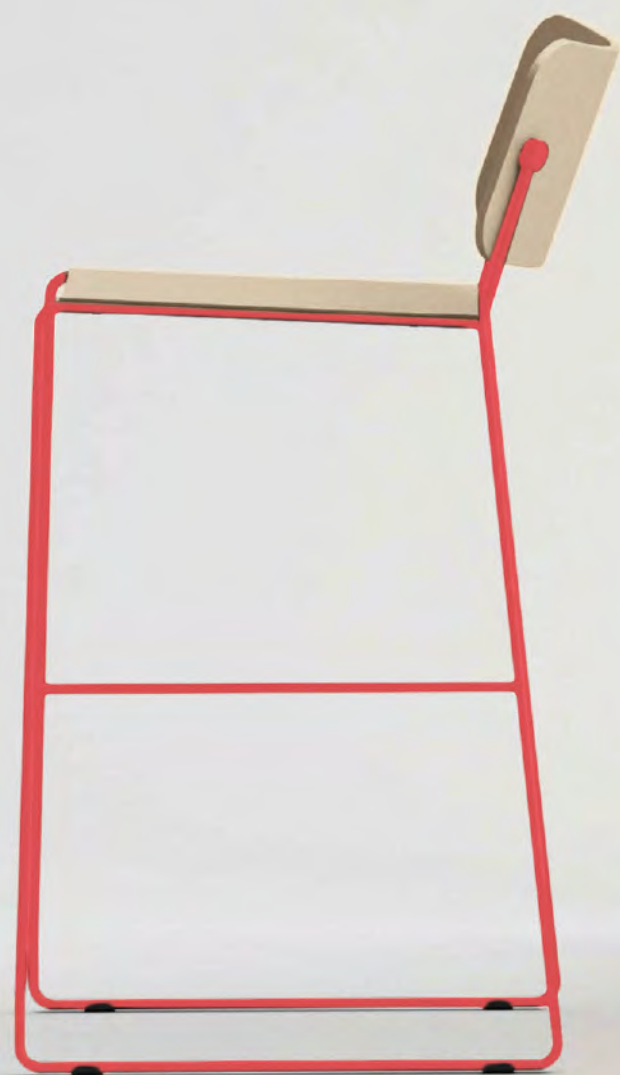

design Tom Kelly

Sedie, poltroncine e sgabelli, contraddistinti da una struttura delicatissima, diventano simbolo di leggerezza e carattere. Il dettaglio dell'innesto a bottone tra telaio e schienale è il tratto distintivo di una collezione iconica e trasversale. Disponibile in tondino di acciaio, con sedile e schienale imbottiti o in essenza di faggio e frassino, Button Down è un modello di grande versatilità.

Chairs, armchairs and barstools stand out for their strikingly delicate frame and are a symbol of lightness and personality. Distinguished by the way the back is buttoned into the frame, Button Down is an across-the-board iconic collection. Available in steel rod frame with seat and back either upholstered, or in beech or ashwood, it's a model of great versatility.

Float

design Studio Pastina

La collezione Float offre soluzioni versatili per organizzare e rimodulare gli ambienti contemporanei. I pannelli imbottiti e rivestiti in tessuto, uniti a sostegni dalle linee pulite, donano personalità e colore allo spazio, adattandosi a ogni tipo di contesto sia domestico che lavorativo. Float permette la creazione di diverse composizioni, può essere personalizzata in un'ampia gamma di finiture e corredata da accessori che ne arricchiscono le funzionalità.

The Float collection offers adaptable solutions in organizing and redesigning contemporary spaces. These upholstered screen panels, together with cleanly designed pedestals, add personality and colour to the environment and are suitable for both domestic and work contexts. The Float collection gives the opportunity to create multiple compositions. It can be customized in a wide range of finishings and equipped with optional accessories in order to broaden its range of applications.

Galileo

design Studio Pastina

Con un disegno che rievoca suggestioni astronomiche, Galileo rielabora il tema del tavolo bistrot con base centrale. Le gambe sottili convergono in un unico elemento che sorregge con eleganza geometrica il piano d'appoggio. Disponibile nelle varianti con piano circolare o quadrato e in quattro altezze, Galileo si propone come soluzione di grande versatilità, grazie anche alle numerose varianti colore.

With a hint of astronomy in its design, Galileo revisits the idea of a bistro table with central column. Its slender legs converge stylishly and geometrically to support its table top. Available at four heights and with square or rounds tops, Galileo can slot into all kinds of settings thanks also to its wide choice of colourways.

Link

design Studio Pastina

Link è una seduta iconica dalle linee sinuose e accoglienti. Materiali diversi, come l'elegante frassino a poro aperto, il tessuto e l'acciaio, si legano in un'armonia di contrasti, dando vita ad una seduta originale e contemporanea.

Disponibile con sedile e schienale in frassino, solo sedile imbottito o entrambi imbottiti, Link è esempio di versatilità. Grazie alle molteplici possibilità di combinare materiali e finiture è un prodotto dalla spiccata personalità, capace di valorizzare ogni ambiente.

The sinewy lines and curves of the Link chair make it quite iconic. Various materials such as fine, open-pore ashwood, quality fabrics and metal, all bind together harmoniously to bring life to this original and contemporary design. Link is available: with seat and back in ashwood; with seat upholstered; or with both seat and back upholstered. These multiple combinations of fabrics and finishes give Link a feisty personality and allow it to enhance any setting whatsoever.

My Chair

design Emilio Nanni

Come non notare quelle caratteristiche “orecchie” che spuntano? My Chair ammicca con risolutezza irriverente mentre le gambe tornite, dalla base arrotondata, trasmettono una sensazione di morbidezza e delicatezza. La versione originale è completamente in legno di faggio, amplia il suo comfort nelle varianti con sedile imbottito.

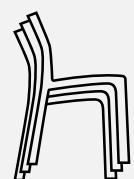

You can't help but notice those characteristic sprouting “ears”! My Chair winks with bold irreverence while the turned legs from the rounded base transmit a feeling of softness and delicateness. The original version is completely in beech wood, adding comfort in the variant with upholstered seat.

Rose Steel

design Billy Giuliani

Sedia, poltroncina e sgabello con struttura in acciaio verniciato o base girevole, con rivestimento in tessuto, pelle o ecopelle.

Chair, armchair and barstool with a lacquered steel frame or swivel base, with fabric, leather or eco-leather upholstery.

Serpentine

design Miquadra

Una poltroncina essenziale ed elegante. Abbina un sottile accenno agli anni '50 a proporzioni e finiture contemporanee per un perfetto connubio che valorizza sia ambienti conviviali che professionali. La linea distintiva della struttura in acciaio sostiene e abbraccia l'utilizzatore, donandole ulteriore carattere e comfort. Nella versione outdoor l'elegante poltroncina in metallo viene impreziosita da un insolito intreccio in cima nautica.

An elegantly compact armchair that combines a subtle fifties touch with contemporary proportions and finishes in perfect harmony to enhance both professional and social environments. The distinctive lines of the steel frame support and embrace the user, assuring added character and comfort. In the outdoor version, the elegant metal armchair is embellished with an unusual nautical rope weave.

Serpentine

design Miquadra Design

Poltroncina impilabile con struttura in tondino di acciaio verniciato, sedile e schienale imbottiti.

Stackable armchair with lacquered steel rod frame, upholstered seat and back.

Spoon

design Studio Pastina

L'abbraccio fra uno schienale avvolgente e un morbido sedile si ispira ad antichi simboli di prosperità. Rotondità e abbondanza sono protagoniste in questa ricca collezione di sedute dalle linee accoglienti. Nelle varianti sedia, sgabello e lounge chair, rivestita in tessuto con base in legno di faggio, Spoon è una seduta di estremo comfort dalla personalità allegra e contemporanea.

The embrace between a backrest and a soft seat is inspired by ancient symbols of prosperity. Roundness and abundance are protagonists of this rich and welcoming collection. Available as chair, barstool and lounge chair, covered in fabric with an beechwood base, Spoon is a product of exceptional comfort with a cheerful and contemporary personality.

Wrap

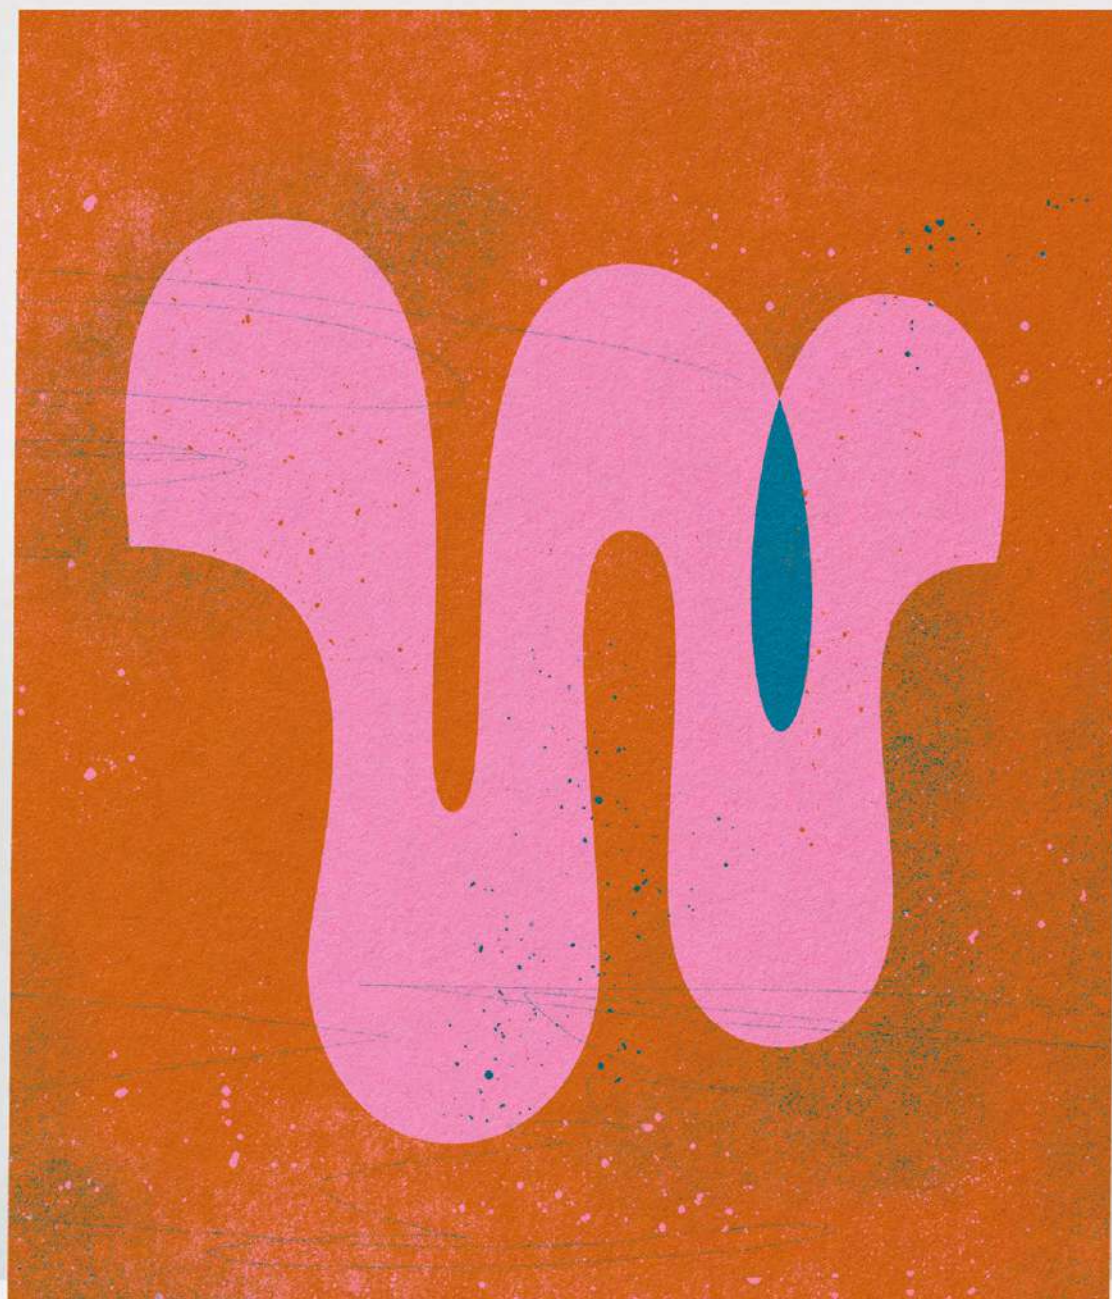

design Copiosa Lab

Le sedute metal-chic che sanno coniugare la ricercatezza con la semplicità. Confortevole e funzionale, Wrap Family lancia segnali di uno stile trasversale. Due versioni di schienale, ampio o essenziale, la traghettano verso richieste diversificate che ottengono facili consensi sia in contesti di tendenza quanto in quelli più eleganti e formali.

The metal-chic collection that manages to combine elegance with simplicity. Comfortable and functional, Wrap emits signs of a transversal style. Two versions of backrest, wide or compact, make Wrap fulfil all types of requests as it slots easily into both trendy and more elegant and formal settings.
